

**Exhibit A**

**Newberry County Water & Sewer Authority, South Carolina**

**Fiscal Year 2022-2023  
Rate Schedule**

The following rate schedule will take effect July 1, 2022. All other rates, fees, charges, and provisions regarding such documented in the NCWSA Operating Policy, shall remain unchanged:

Water:

1. \$22.00 (no gallons included) is the base fee for ¾ inch water service.
2. \$55.00 (no gallons included) is the base fee for 1 inch water service.
3. \$176.00 (no gallons included) is the base fee for 2-inch water service.
4. \$330.00 (no gallons included) is the base fee for all meters larger than 2 inches.
5. \$5.90 per thousand gallons is the volumetric rate for residential, commercial and industrial water service.
6. \$5.40 per thousand gallons is the volumetric rate for large user water service.

Sewer:

1. \$52.00 is the fee for fixed sewer service.
2. \$26.00 (no gallons included) is the base fee for residential sewer service.
3. \$63.00 (no gallons included) is the base fee for commercial sewer service.
4. \$315.00 (no gallons included) is the base fee for light industrial sewer service.
5. \$7.50 is the volumetric rate for residential, commercial, industrial, and large user sewer service.  
The volumetric charge for residential sewer is capped at 10,000 gallons.
